ABOUT MAW

MAW GENERAL TRADING L.L.C is a major supplier of Oilfield/Drilling, Marine and other Industrial Equipment for the Middle East Central Asia and East Africa., MAW has provided quality support to industry for complete range of equipments, parts, accessories and other engineering solutions throughout the Middle East region, Central Asia and East Africa.

MAW TRADING L.L.C aspires to become one of the leading regional quality and efficient suppliers for the industry by providing effective and economic solutions to its valued customers and establish a benchmark of innovation, quality under international standard.

Valves, Flanges, Pipe, Fittings & Accessories

Complete solution for your pipeline requirements from our comprehensive range of value, Tube, Fitting, Flanges, Fasteners and Ancillary equipment associated with Pipeline Fabrication including specialized equipment used by the process, Petrochemical and Oil related Industries.

Flanges

Pipe Fittings

Metal Seals & Gaskets

Expansion Joint

Pipes & Tubings

VALVES

BEARING TESTER
Perfect low cost tools for monitoring bearing condition
working principle: Shock pulse method
Application: All industries

BEARING ECHO METER :
Predicts the condition of the bearing accurately
Perfect tool for monitoring bearing condition.
Over 1000 satisfied customers.
Reduces Downtime stores 250 readings. Also measures temperature vibrations
Working Principles: Shock pulse method
Application : All industries

BELT TRANSMISSION ALIGNMENT:
Predicts the condition of the bearing accurately
Perfect tool for monitoring bearing condition.
Over 1000 satisfied customers.
Reduces Downtime stores 250 readings. Also measures temperature vibrations
Working Principles: Shock pulse method
Application : All industries

VACUUM CLEANER
Applications: Garage Workshops, R.Os and showrooms

LOW VALUME OIL DISPENSER:
Applications: Petroleum R.Os
Accurates for dispensing low volume.
Range 10ml to 500ml
Useful for dispensing 2T oil at petrol pump and CNG stations.

AUTOMATIC SINGLE POINT LUBRICATOR AL - 96
Continuously supplies grease to bearing
Avoids 70% of breakdown
Avoids breakdown of equipment due to lack of lubrication
Reduce downtime
Application : All industries

OIL DINSPENSER FOR RETAIL OUTLETS:
Its an accurate oil dispenser can dispense up to 25 products
- Accurate
- Zero spillage
- Reduces Man Power
- High customer satisfaction
- Easy to use
- Better accountability

AUTOMATIC TYRE GAUGE
Reliable & Accurate
Applications: Garage Workshops, R.Os and showrooms

Material Handling

Quality engineering and performance tested products for safe and reliable material handling

ELECTRIC & MANUAL CHAIN HOIST:
Single & Multi groove sheaves for light duty, conventional & high capacity applications. Also a complete line of synchronous pulley & bushings.

Come along available in varied length of chain

MANUAL WINCH

ELECTRONIC WINCH:
Rugged, Heavy duty, high quality electric winches, engineered to ensure total reliability

SHAKES

WIRE PULLING HOIST

MECHANICAL JACK

SNATCH BLOCK

LIFTING YE BOLT

SCREW LIFTING CLAMP

TURN BUCKLES

PALLET TRUCKS

CARGO LASING BELTS
All Sizes are available with test certificate

Transmission Products

We can meet all of your power transmission products requirements to help you plant running at peak operating condition

PULLYS & SHEAVES:
Single & Multi groove sheaves for light duty, conventional & high capacity applications. Also a complete line of synchronous pulley & bushings.

ELECTRIC MOTORS:
Single phase & 3 phase Motors including self-braking Gear, Explosion Proof, High Speed, Servo Ventilated etc

SHAFT COUPLINGS:
Jaw, Grid, Gear, Flex, Disc, Miniature etc couplings
SHAFT COUPLINGS:
Single phase & 3-phase motors including Self-Breaking Gear, Explosion proof, high speed, servo Ventilated etc

CHAINS:
Drive Roller Chains, Corrosion Resistant Chais, Conveyer Chains etc

SPROCKETS

POWER TRANSMISSION BELT
From synchronous to Vee to Multi-rib to Flat & Bandes V-belts, we have power transmission belts for every need, standards or metric

Workshop Tool & Equipment

Complete Solution for your Comprehensive Range of Machine Tools, Power Tools, Pneumatic Tools, HSS Cutting Tools, Precision Measuring Instruments & Ancillary Equipment Associated with Machine shop and Fabrication Work.

Precision Making Tools

Drill Press

Power Tools

Torque Wrench

HSS & Carbide Cutting Tools

VICES & CLAMPS

Pipe Vice

Pipe Vice

C-Clamps

Bench Vice

HAND TOOLS

Pliers

Spanners

Vice Grip Plier

Torque Wrench

Light & Heavy Duty Socket set

Sealing Solution - O rings, Oil, Mechanical & Hydraulic Seals

Seals Products Used in all mechanical and Equipment in which movement is generated by the Fluid Pressure in order to prevent leakage

ADHESIVES & LUBRICANTS

Complete Range on Adhesive and Lubricants for all industries under one roof

CRC PRODUCTS

WD - 40

PERMATEX PRODUCTS

LPS LUBRICANTS AND AEROSOLS

LOCTITE SEALING PRODUCTS

DOW CORNING SEALANTS

SEALS

MECHANICAL SEALS

OIL SEALS

O - RINGS
